**Allergy and Dietary Information**

At Kings Catering North East Ltd we care about our clients and are committed to reducing the risk with regard to the provision of food and the consumption of allergens in our menus which could lead to an allergic reaction. Our aim is to ensure our customers have a relaxed eating experience with us.

We understand it can be difficult for our clients with special dietary requirements to make menu choices. To help and assist you make an informed choice we ask that you contact our catering manager who can ensure you get the correct information on our products and ingredients.

Our menus are bespoke and we tailor suit our menus to your needs. Our menu descriptions do not list all ingredients therefore we ask that at the time of booking and submitting your numbers you provide us with all dietary and allergy requirements, we can then ensure that you and your guests get the correct information on your menu choices.

Kings Catering North East Ltd follow good practices ensuring the successful management of allergens:

- We work closely with our local EHO to ensure all current legislation is being adhered to
- Our staff are fully trained and have up to date hygiene certificates relevant to their position within the company
- All food handlers adhere to the HACCP (Hazard Analysis & Critical Control Point) best practice food handling standards
- Ensure we work closely with our suppliers to enable up to date information on products that may contain potentially harmful allergens
- Any new products supplied are routinely checked for allergen information
- Maintain rigid food hygiene standards in all food preparation areas
- All allergy and dietary requests are prepared, packaged and stored in a separate area to reduce the risk of cross contamination
- All allergy requests will be delivered on separate plates and clearly labelled.

**Please note we take great care and follow all of the relevant steps to ensure the safety of our clients but as a catering business who supplies many products for buffets and dinners therefore traces may be still be present.**
